

**UTTARA UNIVERSITY JOURNAL OF SCIENCE, ENGINEERING,
AND TECHNOLOGY (UUJSET)**

Call For Papers

(Amendment Notice)

Dated 9th January 2023

The Editorial Board of UUJSET invites scientific articles and research papers for publication in UUJSET. The paper should be related to the following areas of Science, Engineering, and Technology:

1. Mathematics, Physics;
2. Civil Engineering, CSE, EEE, Textile Engineering;
3. Fashion Design and Technology.

The Editorial Board shall entertain original research papers, survey papers, case studies, and academic or scholarly articles that analyze or extend ideas of previously published journal papers and recent conference papers. We shall welcome high-quality work that focuses on research and applications.

With references to the notice for “Call for Papers” dated 18th October 2022 the Editorial Board decided to extend the time for submission of papers due to unavoidable reasons.

The amended last date for submission of papers is 28th February 2023 and the first issue of the Journal is scheduled to be published in May 2023. All other conditions remain as before.

Teachers, students, and scientific research workers are requested to submit their research papers soon for publication in UUJSET. At the moment we plan to publish the journal annually. But if a sufficient number of papers are received, the plan may be revised accordingly.
